

MEET THE STAFF

Our camp staff are positive, encouraging role models for girls. They are professionally trained counselors who are energetic, experienced, and know how to make your Girl Scout feel at home and confident in the outdoors. Many of them began as campers at Camp Scherman!

We have more than 75 paid and volunteer camp staff members who work to support and lead girls at Camp Scherman, including waterfront, riding, program, health center and kitchen staff. They all are committed to making your daughter's camp experience safe and memorable.

Here are just a few of our terrific camp staff!

MAVERICK

Hometown: Garden Grove
Camp staff since forever
Camp Director since 2013

"I've spent more than 20 years working with children. I now get to come full circle and work at the very camp I attended as a child with an amazing team focused on making a positive difference in girls' lives."

VERSUS

Hometown: San Diego
Camp staff since 2014

"Seeing a girl realize that she is capable and can overcome self-imposed limitations is a beautiful thing. Sharing and experiencing this wonderful outdoor space is priceless."

Camp names are a rich camp tradition and often reflect a counselor's interests, favorite animal or character, or a childhood nickname. Once you pick your camp name, it stays with you forever!

ENSIGN

Hometown: Buena Park
Camp staff since 2015

"I love seeing campers try something they never considered doing before --swamping, cooking outside, backpacking/hiking-- and adoring it. Every time I hear a camper say that the scenery looks like it is out of a movie, I know I am in the right place."

GIGGLES

Hometown: Fountain Valley
Camp staff since 2018

"I loved Camp Scherman as a girl, and it has kept me coming back as an adult. I feel so lucky to be a part of this amazing camp family and seeing new generations of girls explore, get dirty, and make new friends."

SHORTY

Hometown: Tustin
Camp staff since 2015

"Camp is like my second home. It is important to me and to girls because it is a place where you can be completely yourself. I love watching campers grow by learning new facts and skills... all while having a blast!"
