

Junior Mechanical Engineering Workshops!

Join us for a fun, hands-on workshop hosted by Child Creativity Lab—completely free as they pilot these new workshops, with only a \$5 badge fee! Juniors will use upcycled materials to design and build a paddleboat or a crane, applying the Design Thinking Process to tackle real engineering challenges and fulfill their Mechanical Design Challenge badge requirements.

For Girl Scout Juniors
\$5 badge Fee

Tuesday, September 9th
Paddleboat Design Challenge

Wednesday, September 10th
Crane Design Challenge

4:00 PM – 5:00 PM

GSOC Headquarters in Irvine

This is not a drop-off event. Adults are welcome to attend for free. This event will be led by staff from Child Creativity Lab. The badge is included in the event cost. Included is the instructor and all materials.
