

# Engineering Week

## Calling all Engineers!

Engineering is a vast field. Whether they are designing bridges, constructing circuit boards, reimagining sustainable energy sources, or coding the latest video game, engineers make our world a better place.

Join the GSOC STEM Patrol at our February Maker Night for fun engineering activities and challenges celebrating National Engineers Week. The Makerspace is the perfect place to try on that engineering hat and make something special. Materials are provided; all you need to bring is your imagination and excitement.

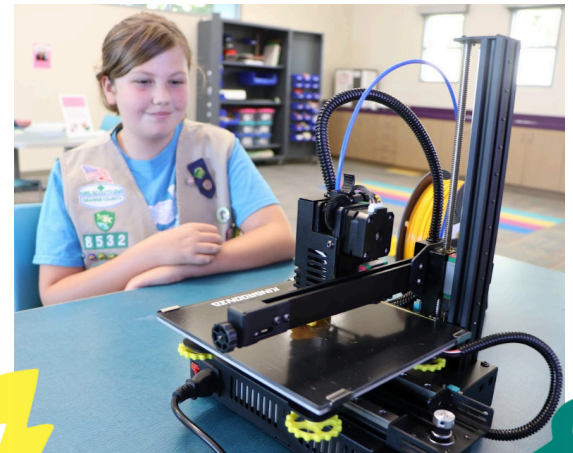

**For Girl Scout Daisies, Brownies,  
Juniors, Cadettes, Seniors &  
Ambassadors**

**\$5 per Girl Scout – includes all  
supplies & a fun patch!**

**Sunday, February 22nd, 2026  
5:00 PM – 7:00 PM**

**Argyros Girl Scout Leadership Center  
in Newport Beach**

This is not a drop-off event. Adults should plan on attending with their Girl Scouts. This event is open to Girl Scouts in Troops, Juliettes, and those with an active membership waiting to be placed in a Troop.
