# LET'S TALK *travel*

Traveling with Girl Scouts builds leadership and life skills while providing the chance to explore new cultures, gain independence, and form lifelong friendships.

**In this session, you'll dive into travel goals, progression & safety, explore both group and individual travel opportunities, and funding your adventures through troop money-earning and product programs.**

Meet the Global Action Team volunteers behind the Travel Patrols, hear inspiring stories from Girl Scout travelers, and get your questions answered in a live Q&A session.
