

2025-2026 Maker Nights at the GSLC

What is a Maker Night?

A Maker Night is your chance to dive into creativity and innovation at the Makerspace, with all the tools and support you need from our amazing STEM Patrol Volunteers. Got a brilliant idea for a new invention? Looking to work on something special for your Silver Award Project? We're here to help you bring your vision to life! Not sure what you want to make yet? No worries! Each month, we feature a fun theme, exciting activity, or hands-on workshop to spark your imagination and help you explore the Makerspace resources.

Maker Nights are open to all Girl Scout levels and their adults. Let's make something amazing together! ✨

September 27th, 2025 - You GLOW Girl Scout!
Glow-in-the-Dark fun exploring chemistry and engineering!

December 7th, 2025 - Holiday Make & Create
Design and DIY holiday gifts for special people in your life.

February 22nd, 2026 - Engineers Week 2026
Celebrate Engineers Week with Maker-inspired Engineering Challenges!

April 26th, 2026 - Earth Day
Honor our Earth by creating and designing using recyclable materials.

Maker Nights require registration. See GSOC Calendar for registration and cost details.
