← Current systems remain active and available during this time. →

← Member platforms unavailable. Activities (current Activities councils) myGS, VTK, gsLearn →

← Newly re-designed experience opens to members. →

We're asking all volunteers and member households to be on the lookout for regular emails and updates throughout this period and look forward to supporting you throughout this transition. Members should watch for an email from Girl Scouts in early December announcing the debut of our refreshed member account management system as well as updated log information and instructions for accessing your account. Thank you for your patience while we work to enhance your Girl Scout member experience.
