

# Lifeguard Flag Challenge

**Instructions:** Cut out the beach flags then look at the scenes and decide which flag goes with each scene. Once you place the flags on the scene, check your work by looking at the Beach Color Code on page 2 of your STEMsational ME! badge requirements booklet available to download at [girlscoutsoc.org/stemsationalme](http://girlscoutsoc.org/stemsationalme). Once you know you are correct, glue or tape the flags to the beach scenes and write what each flag represents on the line under each scene.
