

Recognition Opportunities for Pearl, Trefoil & Honor Promise Circle Members

Each year, we serve nearly 20,000 girls with the help of 13,000 volunteers across all 34 cities of Orange County. As we watch these girls grow in courage, confidence, and character, we grow, too, in pride. Our achievements – and each of our Girl Scouts' successes – are made possible by a desire to learn and explore and by the supporters who believe in our mission.

All Girl Initiative

Championing the Greatness in Every Girl

Many girls face obstacles to participating in a traditional Girl Scout troop, and we are designing our programming to break down barriers so that ALL GIRLS, from every social, cultural, economic, and developmental sphere, is able to access full participation in our girl-centric, girl-only environment, to prepare them for a lifetime of leadership. Thanks to generous champions who join us in believing in every girl, we provide more than 2,500 girls with Girl Scout programming at little to no-cost, and support our Volunteer Leaders with tools they need to be inclusive of all girls.

STEM Opportunities

Orange County's First STEM Collaboration of its kind.

The GSOC STEM Consortium sponsors council-wide STEM programming and the work of the volunteer STEM Patrol in putting on events such as the STEM Expo. As a STEM supporter, your gift enables girls to experience impactful STEM programs and recognize the value of the skills learned to their future success.

Volunteer Conference

Annually held in August

Volunteers are the backbone of the Girl Scout Leadership Experience. The girl-led, all-girl environment complete with adult role models, who can bring Girl Scout programming to life, is the basis of what makes Girl Scouts work and inspires girls to see that they can be leaders in their own lives. As such, it is vital that volunteers receive the resources, support and developmental opportunities needed to deliver a robust and impactful program to our girls.

Your support transforms the lives of thousands of Girl Scouts across Orange County and breaks down barriers, so that every girl in Orange County, regardless of her circumstances, has access to the life-changing benefits that the Girl Scout Leadership Experience provides.
